Election/Restrictions

1. Applicant's election with traverse of Group IV, claims 7-12, 54-56 and 90 in the reply filed on June 7, 2004 is acknowledged. *Note: claims 61-65 were inadvertently added to Group IV, and claims 22-28 were inadvertently omitted from Group VII. Therefore, claims 22-28 and 61-65 are best examinable with Group VI, and claim 45, inadvertently omitted from Group VIII, is best examinable with Group VIII. In addition, claims 55-56, which are best examinable with Group IV, have been added to Group IV.* The traversal is on the ground(s) that the different species are not mutually exclusive, i.e. limitations found in one species are not found in another and vice versa. This is not found persuasive because each invention has been shown to be mutually exclusive in the previous Office Action, and in view of applicant's assertions, the inadvertent errors have been corrected.

The requirement is still deemed proper and is therefore made FINAL.

2. This application contains claims 18-38, 46, 60-89 and 91-97 are drawn to an invention nonelected with traverse in the paper received Jun 7, 2004. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Allowable Subject Matter

3. Claims 7-12, 54-56 and 90 allowed.

Art Unit: 2652

4. The following is a statement of reasons for the indication of allowable subject matter:

The primary reason for the indication of allowable subject matter is the inclusion of the language requiring "the adjuster changing the gram load that is applied to the slider as the environmental temperature near the adjuster changes. This language is neither taught nor suggested in the prior art.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

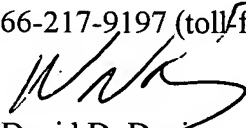

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
